

Information Days

Typically, an Information Day / Evening is hosted by a local church that is interested in setting up a Sozo team and wants to better understand the ministry before getting involved in a full training. We encourage host churches to offer an open invitation to other local churches, although that is a decision for the host leadership.

Running for about 2 ½ hours, the program is typically as follows;

- History of Sozo
- Sozo's unique contribution to the wider Inner Healing & Deliverance ministry scene
- Core Values of Sozo
- Testimonies of how Sozo has helped
- Forgiveness, Inner Healing and Deliverance
- Lies and wounds that people carry
- Father Ladder
- Four Doors
- The Wall
- Presenting Jesus
- How it works in the local church

Some host churches opt to start the day with worship which fits perfectly and extends the program slightly.

Personal Sozo on the day

The host church / team may decide to extend the day in order to offer some personal Sozo sessions, ideally for leaders. These will occasionally be 1 : 1 sessions. As is normal, we invite those having a Sozo to consider making a donation to the team conducting your Sozo.

Finances

We ask that the host church cover travel expenses and accommodation provided or reimbursed at cost. For your information Sozo UK reimburse mileage at 45p per mile.

Host churches usually make a "gift" to the visiting team for their ministry, this is a matter for each church to consider personally.
