

Courtroom of Heaven Prayer

This prayer can be useful when a Generational issue doesn't shift with the Generational prayer, when it is more deeply rooted. These will tend to be the exception rather than the rule, so please avoid making a habit of this prayer.

This prayer works on the principle that;

- *There is one Judge, Father God*
- *That Jesus is our advocate – interceding on our behalf.*
- *There is one courtroom / throne room, rather than one of many possible courtrooms.*

It is essential that all involved understand, we are not taking the person to be judged, it is the issue / stronghold / evil spirit that is being judged.

"Jesus, thank you that you're my advocate and you intercede for me before Father. Will you take me to the court room in heaven and be my advocate before Father God.

Jesus, would you bring out my family history, open it and find the point of legal access to this evil spirit of

(freedom comes whether they actually feel anything in the moment, it's what Jesus does).

"I forgive (*name the person*) for covenants, blood oaths, assignments and idolatry, where they participated in the demonic, whether they knew what they were doing or not, and gave it access to coming generations.

As I forgive them would you forgive them, would you petition the court against the enemy's legal right over (*name the person*)"

(May need to do something e.g. stand, declare, laugh).

"I renounce partnering with (because it is in the family line)

Jesus will you take the spirit of to Father God for Him to announce His decision.

Father God what is your verdict?

They will typically hear something like forgiven, paid in full, finished.

My family has been robbed, I have been robbed, Father what will you give in exchange?

They will hear Heaven's divine exchange.
