

Example of renouncing partnering prayer

Sample prayers like these can be very useful when you first start dealing with the issues that this addresses.

As you grow in confidence & experience, we encourage you to "make them your own" whilst keeping to Sozo values & spiritual principles.

This will help prevent them becoming like a "formula" and mere repetition.

I renounce partnering with *whatever they recognise such as fear / anxiety / unbelief / death or a spirit of*

I repent of aligning with and allowing to cover me and not letting you protect me, Father God.

I forgive myself for partnering with these things.

I hand to you and the ungodly thought and behaviour patterns that have invited continued influence into my life (since I was a little etc.).

Father God, what will you give me in exchange.....

Father God I choose to believe you give good gifts. I receive from you today.

No more will a spirit of limit me or hold me back from You and my destiny.
